To

Before the Government of His Highness the Maharaja of Mysore, BANGALORE

Petitioner - K Asvatharma, Owner of Site No 19, Krumbeigal Road, Residing in V Road, Chamarajpet, BANGALORE CITY

The petitioner abovenamed respectfully begs to state as follows -

1 The petitioner is the owner of the site No 19, in Krumbeigal Road, VI A (2) Division, Bangalore Not -- possessing any house for her residence she wants to put up a house there for her living there with her family She has been collecting building materials also for that purpose

2 In the meanwhile she came to know of the publication in the Mysore Gazette dated 6-2-1947, that a major portion of the petitioner's site is sought to be acquired by the Government for the purpose of construction Public Bath Rooms, Lavatories and Urinals in VI Division

3 It is respectfully submitted that for the reasons set out below the petitioner's site would be highly unsuitable for the purposes for which it is intended to be acquired

(a) Within a few yards of the petitioner's site a big College called Desiya Vidya Shala is to be constructed for which the Hon'ble the Health Minister recently laid the foundation stone In this Institution several hundreds of young boys and girls have to spend the major part of each day The --

The existence of a Public Urinal within a few yards with the consecuentiel obnoxious atmosphere is anything but conducive to the sanitation of the aoove College and is positively endangering the health of hundreds of School Boys and Girls

(b) Likewise all surrouiding the petitioner's site are dwelling houses and residential quarters of several people all of which will be polluted by the existence of the said urinals if built there

(c) The petitioner's site is also thoroughly unsuited for locating the Puolic Lavatories and Urinals in so far as it is not in a secluded place nor can there be much privacy there As can be seen from the sketch produced herewith it is seen that the lalbagh which is frequented by the Public for health purposes and recreation is within a few yards of the petitioner's site and the circle near the Western Gate almost abutting the compound wall of Desiya Vidya Sala If Latrines and Urinals are put up in the petitioner's site, the whole area will be polluted, and the atmosphere near the Lalbagh which has hitherto been healthy and courted by the Public will be rendered unhealthyand obnoxious

(d) Just a little distance off there is waste land abutting the Krumbeigal Road on its east, where the Latrines and Urinels could be conveniently located, as also they can be located in the secluded area near the Lal-bagh Tank

4 The petitioner has no house of herown and has no other site

site to build a house If she is deprived of this site she will be put to considerable hardship and trouble

5 If the spot is kindly inspected it will be apparent that the submission made by the petitioner is quite true and her site is the least suitable for locating the Latrines

Therefore the petitioner respectfully prays that the acquisition proceedings of the petitioner's site be kirdly dropped and the petitioner be permitted to put up her house on the said site For this act of kindness and justice the petitioner shall ever remain grateful

SIR

Petition of Mrs Aswathamma dated 20-2-1947 addressed to Government to cancel the acquisition proceedings on site No 19 in Krumbiegal Road VI Division, Bangalore City

---

With reference to your Memo No L 11748 dated 26-2-1947 calling for a report on the above subject, I have the honour to state that the Municipal Council at their meeting held on 27-11-1945 sanctioned the acquisition of the said property along with two other properties for locating the combined baths, urinals and lavatories

2 Then preliminary notifications were sent to Government and they were published in the Gazette dated 9-5-1946 and objections were called for under Section 5 (A) Land Acquisition Act But no objection petition was received in time either from the present petitioner or from any other person interested in the property This fact was intimated to Government on 8-1-1947 and the final declaration statements were published in the gazette dated 6-2-1947 authorising the Special Land Acquisition Officer to take orders for the acquisition

3 With regard to the suitability of the land for locating combined baths, urinals and lavatories the Municipal Executive Engineer has opined that the site in question is quite suitable for the purpose

4 Since the Special Land Acquisition Officer attached to this Municipality has completed the enquiry stage and the case is ready for passing award, it is not possible to grant the prayer of the petitioner at this stage
